EMLMarketplace

The **EMLMarketplace** is where businesses showcase resources, products and services that local, regional, and national emergency management networks need to support disaster preparation, response and recovery.

Become a preferred vendor, get added to many resource lists as key decision makers and logistics teams across Canada take advantage of our innovative tools.

ONE SIMPLE PRINCIPLE: Commit to staying current and accessible - then everyone wins.

More than a directory - it's a platform for promotion, connection, and community impact.

Your annual listing gives you direct access to buyers not only in your region, but other markets depending on your service area.

Showcase your services and products. Add keywords to increase your search results. Access 24/7/365 to update.
