 - b) when, although the location of the frozen line is between the Water Main and the Property Line, in the sole discretion of the Town Manager is determined to have been caused by the actions or results of the Owner or Occupant.

SECTION 8 - BOILERS & SIMILAR EQUIPMENT

- 8.1** In any case where a steam boiler or equipment of like nature is supplied directly from a water service, such boiler or other similar equipment shall be equipped with at least one safety valve, vacuum valve or other device sufficient to prevent the collapse or explosion of the boiler or other similar equipment in the event the Water supply is Shut Off.

SECTION 9 - CONTAMINATION

- 9.1** If a condition is found to exist which is contrary to this Bylaw, the Town Manager shall, depending on the nature of the hazard:
- a) Carry out an inspection and issue such order or orders to the Person as may be required to obtain compliance with this Bylaw; or
 - b) Without prior notice Shut Off the water service or services
- 9.2** If the Person to whom the Manager has issued an order fails to comply with that order the Town Manager in his discretion may:
- a) give notice to the Person to who the order was directed to correct the fault at the expense of such Person within a specified time period and if the notice is not complied with the Manager may then Shut Off the water services or services; or

BEING A BY-LAW OF THE TOWN OF WESTLOCK IN THE PROVINCE OF ALBERTA TO REGULATE THE SUPPLY AND DISTRIBUTION OF WATER AND TO REGULATE THE SANITARY SEWAGE COLLECTION SYSTEM

- b) Without prior notice Shut Off the water service or services

9.3 Any water supply so Shut Off shall not be restored until the breach of this Bylaw has been remedied.

SECTION 10 - METERS

- 10.1** All water supplied by the Town through the Water Utility shall be measured by a Meter unless otherwise provided under this Bylaw or unless a special agreement is entered into between the Town and the Owner, in writing.
- 10.2** All Owners shall have a Meter connected to the Water Utility, and shall pay to the Town all regular billing charges for consumption whether an alternative source of water is used or not.
- 10.3** The Town is the sole supplier of Meters. As a condition of service, the Town may:
 - a) Determine the size, type and number of Meters to be supplied and installed in a premises;
 - b) Determine the location that the water Meter is to be installed.
- 10.4** One (1) Meter shall be provided, installed and maintained by the Town. Meter installations expenses including the cost of the Meter shall be borne by the Owner.
- 10.5** Notwithstanding the payment of any costs, all Meters fifty (50) mm in size or smaller shall remain the Property of the Town.
- 10.6** All Meters shall be installed in accordance with Town specifications and standards.
- 10.7** Any Owner at their sole cost and expense, shall supply, install and maintain Shut Off Valves a minimum of fifteen (15) cm and a maximum of thirty (30) cm from the Meter connection on both sides of the Meter.
- 10.8** Water Meters shall be located horizontally and upstream of any take-offs except for approved fire lines, sprinkler controls or standpipe hose systems.
- 10.9** Meters and Shut Off Valves must be installed in an area readily accessible for Meter reading, inspection, repair and removal, and their location shall be subject to approval by the Town.
- 10.10** All Owners or other Persons shall give free access to all or parts of the building or Property in which water is delivered or consumed to the Town or its employees to install, inspect, repair and read the Meter or anything of a similar nature.
- 10.11** Water Meters, where practicable, may be read once a month or such other frequency as determined by the Town.
- 10.12** Where the Town is unable to obtain a Meter reading, or where a Meter fails to properly register the volume of water consumed within a Property, the amount of water consumed during the time period in which the Town has been unable to obtain a Meter reading or the Meter has failed to properly register, may be estimated by the Town based on the average daily consumption for the Property for a period

BEING A BY-LAW OF THE TOWN OF WESTLOCK IN THE PROVINCE OF ALBERTA TO REGULATE THE SUPPLY AND DISTRIBUTION OF WATER AND TO REGULATE THE SANITARY SEWAGE COLLECTION SYSTEM

of three (3) months, if known, or in the event that such information is not available, on the basis of the average daily consumption over a three (3) month period, for a comparable Property within the Town.

10.13 In the event a Meter reading is disputed by either the Town or Person, a written notice shall be given to the other.

10.14 A Person that has reasonable ground to believe that a Meter is not operating correctly, or is damaged or broken, shall immediately notify the Town of the condition, its location and the estimated length of time that the Meter has been inoperable, damaged or broken.

10.15 A Person may request that the Town test a Meter located on the Property and shall deposit with the Town the fee as set out in Schedule A. The Meter will then be removed from service and given a bench test. Should the Meter be found to be accurate within two and one half percent (2.5 %) of the actual amount of flow as determined by the Town, the r Person shall forfeit the deposit to the Town to cover the costs of removal and testing of the Meter. Where the Meter is registering in excess of two and one half percent (2.5%) accuracy, the Person shall be refunded the deposit.

10.16 Should the Meter be found to over read or under read by more than two and one half percent (2.5%), the rate charged for the preceding two (2) Meter reading periods, will be adjusted by the same percentage as the Meter was found to be in error. The Person shall pay or shall be refunded the amount so determined and this payment or refund shall be accepted by both the Town and the Person as settlement in full to the date thereof of all claims on account of such Meter.

10.17 In the event that a Person refuses to allow a Meter to be read or fails to provide a Meter reading as requested by the Town, for a period in excess of six (6) months, the Town Manager may direct that the Water Utility to the Property be Shut Off, after providing twenty-four (24) hours written notice to the Owner.

10.18 Every Owner shall provide adequate protection for the Meter supplied by the Town against:

- a) freezing;
- b) heat, or;
- c) any other internal or external damage.

The Owner shall pay to the Town all costs associated with the repair and replacement of the Meter, if it is deemed by the Town Manager, that the Owner did not adequately protect the Meter.

10.19 When in the sole discretion of the Town Manager the building or other premises intended to be supplied with water are too far from the Town service to conveniently install a Meter in such building or premises, or if a number of buildings are to be supplied or for any other reason in the opinion of the Town Manager, then the Owner shall, at their sole cost, construct and maintain a container for a Meter and such container shall in all respects, including location, construction, size, access and otherwise, be satisfactory to the Town Manager.

10.20 An Owner, at his own cost, may install a secondary Meter between the Meter supplied by the Town and the point of use of the Water supplied, upon receipt of written approval from the Town and shall in no manner interfere with the Meter installed by the Town. All Secondary Meters shall be owned and

BEING A BY-LAW OF THE TOWN OF WESTLOCK IN THE PROVINCE OF ALBERTA TO REGULATE THE SUPPLY AND DISTRIBUTION OF WATER AND TO REGULATE THE SANITARY SEWAGE COLLECTION SYSTEM

maintained by the Owner. An Owner shall immediately relocate a secondary Meter upon request of the Town Manager, if in the opinion of the Town Manager the secondary Meter is interfering in the operation of the Meter supplied by the Town.

- 10.21** For multi-use residential properties, including a Property that contains several buildings, a mobile home park, a condominium or a seasonal park with no permanent buildings, Meters shall be installed to Town Standards and specifications but shall also comply with the following requirements:
- a) if not installed indoors in a building or dwelling, the Meter shall be housed in an insulated enclosure with heat tape to and from the Meter;
 - b) the Meter shall be installed in a location that is easily accessible and protected from damage; and
 - c) wire for any remote reader shall be installed, by the Owner at their sole expense, at the Street side of the unit and all wire used by the Owner must be acceptable to the Town.
- 10.22** When the Town removes or relocates a Meter at the Owner's request, all costs associated with the removal or relocation shall be paid by the Owner.

SECTION 11 - AUTHORITY TO RESTRICT OR SHUT OFF WATER UTILITY

- 11.1** Where the Town determines that there is a water shortage, the Town may declare that water restrictions are in effect, and shall provide notice to the public of such restrictions by means of advertising the restriction in a local newspaper of general circulation, or by delivery of written notice to the affected residences and businesses, at least forty eight (48) hours prior to the date on which the water restrictions are to go into effect as per Schedule E.
- 11.2** The Town Manager may discontinue the provision of the Water Utility to a Person where the Town Manager has reasonable grounds to believe that the Person has violated the water restrictions in force.
- 11.3** The Town shall give notice to Persons when the Water Utility is to be Shut Off where possible, except in emergencies. The Town shall not be liable for any damages which may result to any Persons or Property from shutting off the Water Utility from any Water Main or service or for any purpose whatsoever even in cases where no notice is given.
- 11.4** The supply of water to any Property may be Shut Off for any or all of the following reasons:
- a) Repair;
 - b) Want of supply;
 - c) Non-payment of accounts rendered;
 - d) Defective piping;
 - e) Has abandoned or appeared to abandon the Property;
 - f) Has undertaken any activity which puts the integrity of the Town's Water Utility at risk;

- g) Where there is an emergency situation; or
- h) For any reason which the Town Manager or Council considers sufficient.

SECTION 12 - VACANT SERVICES - TEMPORARY DISCONNECTION

- 12.1 An Owner may request a Vacant Service; in which case the Owner shall provide notice to the Town in writing two (2) business days prior to the disconnect date. Water Utility is not deemed to be discontinued unless turned off at the Curb Cock.
- 12.2 The Town shall obtain a final reading of the Meter(s) and the Owner shall be liable for and payment of the rates and charges due until the time of the final Meter reading.
- 12.3 The Owner shall be responsible for all charges and applicable fees as set out in Schedule A.
- 12.4 The Water being Shut Off at the Water Meter by the Owner does not establish a discontinuance of Utility Service or Vacant Service.
- 12.5 The Town may discontinue the supply of a utility service for any of the following reasons:
 - a) Non payment of any utility account; or
 - b) Inability of the Town to obtain access to a residential premises to read, repair or replace any Meter for a period of six months, or to a non residential premises to read, repair or replace any Meter for a period of three months;
 - c) Failure by, or refusal of, a Owner to comply with any provision of this bylaw; or
 - d) Failure by, or refusal of, a Owner to comply with provision of any provincial acts, the building code or any regulations; or
 - e) In another case provided for in this bylaw.

Any event the Town shall not be liable for any damages of any kind form such discontinuance of service.

SECTION 13 - ABANDON SERVICES

- 13.1 If potential for re-use of the water service exists, or for any reason the Town Manager deems acceptable, the water service may be temporarily disconnected at the Property Line at the cost of the owner. If a temporary discontinuation is allowed and thereafter, for any reason the Town Manager deems it necessary to do a permanent disconnect, the physical disconnection of a water service pipe from a water main, a charge will be made to the Owner pursuant to Schedule A.
- 13.2 If in the Town Manager's opinion, a temporary disconnection is inappropriate, a service kill shall be performed at the water main at the Owner's expense.
- 13.3 If the water is to be Shut Off and the Meter removed for the purpose of demolition, the Owner shall be responsible of all costs associated with such. If the water cannot be Shut Off due to damage to the

BEING A BY-LAW OF THE TOWN OF WESTLOCK IN THE PROVINCE OF ALBERTA TO REGULATE THE SUPPLY AND DISTRIBUTION OF WATER AND TO REGULATE THE SANITARY SEWAGE COLLECTION SYSTEM

Curb Cock the Town shall excavate to the water service pipe and disconnect the services at the expense of the Owner.

- 13.4** No permit for the demolition or removal of a building shall be issued by the Town nor shall any person cause, permit or allow to be demolished or removed a building connected to a utility service line or main until there has been paid to the Town of the cost of disconnecting the utility service in the amount under this bylaw, including costs of Meter and appurtenances and such utility services have been disconnected. The Town may in circumstances permit the services to remain connected to the utility service line or main.
- 13.5** Request for permit to demolish or remove a building shall be required to give a minimum two (2) business days notice to the Town prior to commencing the work.
- 13.6** If any sewer connection is abandoned, the Town shall, at the Owner's expense, effectively block up such connection at a suitable location within the Owner's Property so as to prevent wastewater backing up into the soil, or dirt being washed into the sewer.
- 13.7** A Person shall not assume the Water Utility has been discontinued. The Water Utility shall only be considered discontinued upon the Curb Cock valve being turned off by the Town.
- 13.8** An Owner may apply in writing to the Town, to have their Water Utility reactivated, and the Town shall apply all applicable fees and charges to the Utility Account as set out in Schedule "A" of this Bylaw.
- 13.9** An Owner who does not apply in writing to the Town to have their water discontinued nor provide an opportunity for the Town to turn the Curb Cock valve off, shall be responsible for all fees and charges, whether or not they would have qualified for vacant service if they had submitted an Application for such service.

SECTION 14 - WATER VALVES, HYDRANTS

- 14.1** The Town Fire Department is authorized to use the hydrants or fire plugs for the purpose of fire protection and suppression, and for fire training practices, all such uses shall be under the direction and supervision of the Chief or his authorized officers.
- 14.2** All Persons who owns Property on which a hydrant is located or Property which is adjacent to Property on which a hydrant is located:
- a) Shall maintain a two (2) meter clearance on each side of the fire hydrant and a one (1) meter clearance on the back of a fire hydrant, as set out in Schedule "F".
- 14.3** The Town may authorize the use of fire hydrants and the use of water from fire hydrants on a temporary basis where no other supply of water can be conveniently obtained. SECTION 26 - CONNECTION TO UTILITY SERVICE

26.1 Service Connections located within the Property boundaries of a Property are owned by the Owner, and the Owner shall be responsible for the construction, maintenance and repair of that portion of the Service Connection.

BEING A BY-LAW OF THE TOWN OF WESTLOCK IN THE PROVINCE OF ALBERTA TO REGULATE THE SUPPLY AND DISTRIBUTION OF WATER AND TO REGULATE THE SANITARY SEWAGE COLLECTION SYSTEM

- 26.2** The Town shall, at all times, remain the owner of that portion of the Service Connection between the Town's Water Main or Sewer Main and the Property line of the road or boundary of an easement granted to the Town for its Utility Service, notwithstanding that the Town's portion of the Service Connection may have been constructed by, or its construction funded by, some Person other than the Town.
- 26.3** Nothing in this Bylaw shall be interpreted as preventing the Subdivision or Development Authority from imposing as a condition of subdivision or development approval, an obligation upon the applicant for subdivision or development approval to pay for the cost of installation of a portion of the Water Utility necessary to service the lands subject to the Application, including the Water Main and those portions of the Service Connection owned by the Town, and located between the Town's Water Main and the Property line.
- 26.4** As a condition of receiving Utility Service from the Town, the Owner shall maintain, in a state of good repair, free from leakage, infiltration and/or other forms of loss, with sufficient protection from freezing, all parts of the Service Connection to the satisfaction of the Town Manager, through which Wastewater is conveyed from outlets or Fixtures located on or within the Property to the Sewer Main or which the supply of water is conveyed from the Town's Water System to water supply outlets or fixtures located on or within the Property, as the case may be.
- 26.5** An Owner shall:
- a) prior to constructing a Service Connection obtain all necessary municipal and provincial approvals, including a development permit and Safety Codes Permits;
 - b) ensure all components of the Service Connection located within the boundaries of a Property be constructed to the same standard and with same or equivalent materials as the Service Connection located between the Water Main or Sewer Main and the Property boundary;
 - c) not backfill the excavation until the work has been inspected by the appropriate Designated Officer; and
 - d) ensure all work or service upon a Private Service, Service Connection or the plumbing system attached thereto complies with the provisions of the Safety Codes Act, the Public Health Act and any applicable Town Bylaws, policies and Design Standards including but not limited to the Town of Westlock Procedures and Design Standards for Development.
- 26.6** The provision of Utility Service shall not commence until the Town has received copies of all required approvals under the *Safety Codes Act* and all required inspection reports.
- 26.7** Where the Owner of a Property fails or refuses to maintain, repair or replace all, or any component of the Service Connection as required pursuant to this Bylaw, the Town may:
- a) disconnect the Sewer Utility to the Property, on twenty four (24) hours notice to the Owner and Occupant, until necessary repairs have been made, at the Owner's expense, or the Service Connection has otherwise been restored to a condition satisfactory to the Town;

BEING A BY-LAW OF THE TOWN OF WESTLOCK IN THE PROVINCE OF ALBERTA TO REGULATE THE SUPPLY AND DISTRIBUTION OF WATER AND TO REGULATE THE SANITARY SEWAGE COLLECTION SYSTEM

- b) Shut Off the supply of water to the Property, on twenty four (24) hours notice to the Owner and Occupant, until necessary repairs, at the Owner's expense, have been made to stop the loss of water, or otherwise restore the Service Connection to a condition satisfactory to the Town;
 - c) prepare an estimate of the volume of water lost and demand payment from the Owner for the estimated amount of water lost as a result of the lack of maintenance and repair of the Service Connection.
- 26.8 Payment for the amount of water estimated lost pursuant to subsection 26.7(c), shall become due and payable upon receipt of a demand, in writing, from the Town, and may be recovered from the Owner in accordance with the terms of this Bylaw and the *Municipal Government Act*.
- 26.9 Any Person complaining of a failure or interruption of the Utility Service, the investigation of which necessitates the opening up or excavation of a Street, prior to such opening up or excavation, shall deposit with the Town the costs, as estimated by the Town Manager, for such work.
- 26.10 The Town shall be responsible for all costs incurred in respect to any investigation of the cause, and the repair of the obstruction, where the obstruction is determined to be located between the Water Main or Sewer Main and the boundary line of the Property. Where the obstruction is located inside the boundary line of the Property, the Owner of the Property shall be solely responsible for the costs of investigation of the cause and the repairs to the Service Connection.
- 26.11 The Town shall not be liable for damages caused by any blockage or damage caused by tree roots infiltrating a Service Connection whether the roots originate from trees on Town owned Property or private Property.
- 26.12 On any new Service Connection connected to the Water Main, the Owner shall install a Curb Cock of an approved pattern by the Town on every Service Connection on the out flowing side of the Water Meter and shall set the Stop Valve two decimal fifty four (2.54) cm below the finished landscaped surface and keep the area clear of all obstructions.
- 26.13 Every Service Connection connected to the Water Main, shall have an accessible Curb Cock at the Property boundary between the Water Main and the Water Meter.
- 26.14 An Owner shall install a Back Flow Valve on the Service Connection connected to the Sewer Main, as per the Town of Westlock Procedures and Design Standards for Development, on every Service Connection to prevent Wastewater backup into the Property from the Sewer Main.
- 26.15 Upon request, the Town shall provide to the Owner, information on the method and manner of installing the Service Connection and associated apparatus.
- 26.16 When a Service Connection for the Utility Service is no longer required, the Owner shall obtain written permission from the Town to disconnect from the Water Main or Sewer Main. The Owner shall disconnect in compliance with the directions of the Town relative to the method and location and shall bear all responsibility and costs associated with the disconnection.
- 26.17 For all new or replacement water services, the Curb Cock valve shall only be opened by Town Personnel.
